## Chapter 1 by The Book of Stories

"It hurts..."

My heart went cold when I heard those words.

I am the night guard of the museum of tombs, and I swear, I hear cries all the time, but my boss calls me paranoid!

But I had enough of cowering and going home early.

I was going to do it!

My plan is to actually see what the moaning is about.

Quietly and slowly, I go to the tomb where the noise came from.

Reluctantly, I open the door to reveal wrappings.

There was no cups for the intestines in the female warrior tombs, since they would just wrap up the dead bodies in cloth back then.

When I heard a noise, I looked behind me. Nothing was there.

I shrugged at turned around.
